### YOUR SAFETY IS OUR PRIORITY...

**“** I have used M&J Group over a number of years and I have recommended them to clients, colleagues and other site managers in our industry. They have consistently proven to be competitive and professional at all stages throughout the project lifecycle, ensuring projects are completed to a high standard.... **”**

**“** Recently, I appointed M&J Group to complete a large project involving the replacement of over 25,000 Sqft of flat roof, including external repairs and redecoration works. The scheme involved required co-operation and communication to liaise with a number of site contacts and the facilities management team to minimise disruption on site. I found M&J to be diligent and proactive to ensure that disruption was kept to a minimum... **”**

**“** I have no reservations in inviting M&J Group to tender for future schemes and projects on our various sites and trust they will continue to provide a high quality service. **”**

**“** Firstly I would like to express my thanks for the work completed, the standard of workmanship and professionalism from your operatives on site was excellent. Your site managers and contracts managers are a great credit to your company for his attention to detail and easy manner. I would happily employ you again and recommend you as a contractor. **”**
